Pacific 2 You Hawaiian Heritage Rings

are crafted in a traditional Polynesian scroll design. Each piece is hand engraved and diamond cut to give them their unique and beautiful shine. Hawaiian Heritage Rings are handmade and passed from generation to generation as an heirloom. Even though the heritage of these rings started in the islands, their unique beauty has made this tradition contagious among many people everywhere. This collection was created as a symbol of the deep roots the Polynesian people have with the LDS church. Now everyone can enjoy the beautiful designs and culture of the Pacific Islands.
