

## Product Catalog 2012-2013

# We believe that our success comes as a result of the success of our customers.

This is a key point in our mission statement, and this year it acted as our daily mantra. At Ringmasters, we've been focused on how we can improve our processes and customer service so that we can serve you better and as a result increase your success. But enough about us, let's talk about how this helps you.

## Ringmasters Destination Program

The new Ringmasters Destination Program features a line of displays designed with your location in mind.

With several options to choose from, each floor, counter top or slat-wall display comes pre-filled with a planogram of our most popular and best selling products. These planograms have been tested in over 70 stores this past year with a high level of success!

This eliminates a lot of the guess work and helps you have a higher rate of success with our products in your store. Also, these displays are free with a minimum product purchase.

Have unique needs in your location? That's great! Our experienced retail team will be happy to discuss how to customize your display to best serve your customer's needs. Yes, all planograms can be customized.

With attractive displays and high performing products, this unique program is designed with your success in mind. To see which displays are available, please see pages 72-75 in this catalog. To find out more about which products are included in the planograms please visit our website ([www.ringmastersonline.com](http://www.ringmastersonline.com)) or give us a call!

## Reorder Cards

As you know, straightening displays is one of the most frustrating parts of your job for you and your staff. Keeping a mental inventory of where all of your items will go is mentally taxing and exhausting.

Simply put these cards behind your products and you will have a visual map for where each product should go right on the display. You will also have a visual reminder when it's time to reorder.

# New Wholesale Website

Launching August 2012, the new wholesale website will make managing your inventory easier than ever before. There are two ways to order your products:

## Shop by Program

If you're a part of the Ringmasters Destination Program, you can reorder your products using an intuitive interface that matches your in-store display. This will make the process of organizing the display and reordering products completely visual, faster, and easier!

## Shop by Product

You can also order by product! This section is easy to navigate and completely searchable by product name or item number! It's also divided into categories that make searching for the line you want quick and easy.

## Web-Ready Image CD

Trying to create a website, catalog or flyer? Instead of spending hours trying to pull these images from Google, just order the Web-Ready Images CD!

These photographs are high quality and free for you to use. Included on the CD is every current product as of August 2012.

## Exciting New Products

Of course, 2012 brings you an exciting new line of Ringmasters products that will appeal to your customers. Check them out on pages 6 & 7. Look for more new products in October 2012, and February 2013.

## We Want Your Feedback!

We are dedicated to providing you the best customer service possible and helping you achieve success. If there is any way we can improve our service to you, please let us know by phone or e-mail (support@ringmastersonline.com). Thank you for your business.

# The Prophet Joseph's Ring

The original ring dates from the Nauvoo period and is believed to be the ring the Prophet used in the April 1844 "King Follett" sermon to illustrate the eternal nature of man.

Sometime after the Prophet's martyrdom in 1844, Emma Smith gave the ring to Alexander Hale Smith, one of their sons. The ring appears on Joseph's hand in several paintings done in his lifetime. Today the ring is privately owned.

*Joseph Smith's signature on the inside of the ring is an added designer's element. This reproduction is a high quality replica of the original.*

# Endure To The End

Inspired by his family's creed, Alan and Suzanne Osmond's third-eldest son, Douglas, designed the ETTE logo, artistically symbolizing the principle of 'Enduring To The End.' He then created the ETTE ring which is now proudly worn by all family members, serving as a continual reminder to always endure regardless of the challenge or goal.

Together, the Osmond family and Ringmasters are pleased to introduce the following ETTE products, designed to inspire and enable you to also benefit from this message of inspiration.

## *Ringmasters offers two great options to display our popular neckties.*

**Option 1:** The new tie box: This option allows you to display ties on any shelf in your store. We offer tie boxes for all sizes of our ties. The boxes are labeled as Men's, Youth and Boys'. Just order the regular item number for our ties and then order the same number of boxes for the total ties ordered. We'll ship your ties boxed and ready to sell.

KDD088 - The boxes are free with tie purchase.

**Option 2:** The traditional tie hanger. The space-saving flat profile is neat and allows display of more ties in less space. Your tie purchase will be shipped with this option unless tie boxes are ordered.

Ties shown here on our new spinner slat-wall tie fixture.

KDD089 - (Free with minimum necktie purchase of \$150.00) This fixture includes twelve 4" long hooks that makes it easy for customers to view our tie selection.

## *Selected Ringmasters neckties are available in three sizes:*

# Merchant Custom Program

Partnering with Ringmasters, you can provide quality and meaningful products to your customer with:

## ***No Investment • No Inventory • No Risk***

Here's how it works in three easy steps:

### ***1 Display the Program***

Place one of our custom program displays in your retail location. We recommend having it at or near check out so that store employees can answer any questions the customer may have. We have both a counter top option and hanging display options available.

**Counter top display: 11 x 8.5"**

**Hanging Display: 16 x 8.5"**

### ***2 The Order is Placed***

There are a few ways custom orders can be made: Through your retail location (optional), online, by phone, by e-mail, or by mail.

Next, we'll work with the customer in getting the project created using our proven system to: process the order, create the artwork, provide a quote, create a sample, manage production, deliver the product to the customer, and collect the payment. Our dedication to excellent customer service will ensure your referrals are satisfied.

### ***3 Get Paid***

Tell your customers to notify us that you referred them, because once the project is completed, you will receive a **35% margin** on the order! And that comes to you without the stresses of carrying inventory or managing products.

Each month, you will receive a check for your commission earnings or a credit on your account. It's that easy!

## ***Our Commitment to You:***

As our mission statement says, our success comes as a result of your success. To ensure that our program achieves at a high level in your store:

- We've already planned and created a strong marketing campaign to increase the public awareness of our custom program and drive them to your store to get more information!
- We provide the displays at no charge and provide free training on the program for your employees as well!
- We'll be proactive in asking customers where they found out about the program. We're committed to giving you the credit for your referrals. Not only is there a space on the brochure to display your store name, but our website and phone ordering systems require customers to report where they discovered the program.
